

## Catch the Bus

To find out when your next bus is due visit [nextbuses.mobi](http://nextbuses.mobi) or [www.traveline.info](http://www.traveline.info) Real time information, which enables you to track the expected arrival time of your bus, is available on an increasing number of services in West Sussex. A Text-for-Times service is also available in parts of the county where you can obtain the arrival times of the next three buses by texting the bus stop code to 84268 (charges apply). For further information about real time bus information visit [www.westsussex.gov.uk/publictransport](http://www.westsussex.gov.uk/publictransport)

## Catch the Train

Travel by train can often work out to be cheaper than driving, particularly for regular journeys such as commuting. There are various on-line tools that can tell you what a one-way car journey will cost. Try comparing that with the price of a weekly, monthly, or annual season ticket to see how much you can save. You can find season ticket prices and train times at [www.nationalrail.co.uk](http://www.nationalrail.co.uk). You can also get great deals by buying your ticket on-line. Visit [www.southernrailway.com](http://www.southernrailway.com) to find out about advance tickets, GroupSave tickets, and details of the latest special offers.

## Cycling

Cycling is a great way to get your recommended 30 minutes of daily exercise. The West Sussex Cycle Journey Planner will help you find a fast, balanced, or quiet route to your destination including a turn-by-turn route plan. It will also tell you how many calories you will burn and how much carbon dioxide you will save by cycling instead of driving. To plan your journey visit [www.westsussex.gov.uk/cycling](http://www.westsussex.gov.uk/cycling)

West Sussex County Council offers one-to-one adult cycle training to national standards up to Bikeability Level 3 (advanced). Bikeability gives you the skills and confidence to cycle in modern road conditions, enabling you to make more journeys by bike. For further details or to book on-line visit [www.westsussex.gov.uk/cycletraining](http://www.westsussex.gov.uk/cycletraining) alternatively you can email [cycle.training@westsussex.gov.uk](mailto:cycle.training@westsussex.gov.uk)

## Carsharing

Commuters that regularly share their car journeys save around £700 per year on average in fuel costs and cut their mileage by almost 3,000 miles.

To find a car sharing partner living near you, or on your route to work, visit [www.westsussexcarshare.com](http://www.westsussexcarshare.com). Hundreds of people have already registered on the web site, which is free to use, so there is a good chance that you will find someone who makes similar journeys to you.

## Car Club

The Chichester Car Club, operated by Co-wheels, gives you access to a car without the costs of owning one. You literally pay for what you use. With your own car, you have to have an insurance policy, keep the car taxed, serviced, maintained and it loses value. People who don't need a car everyday can therefore save money by giving up (or not buying) their own car and using Co-wheels instead. People who drive less than 8,000 miles a year, and young drivers who face high insurance costs, can find belonging to a Car Club particularly beneficial.

The cars are available to club members only and can be booked hourly in fifteen minute increments. Membership is open to anyone holding a full DVLA licence from the age of 19 (providing they have held their licence for 12 months). The Club has four cars located across the city in designated parking bays. Access to the vehicle is by swipe card and the cars can be booked online.

There is a one-off joining fee of £25 with a £15 charge for each additional member of the household. Employers wishing to use the cars for business journeys pay £12 per employee. Mileage is then charged at just 13p per mile plus an hourly hire charge of either £4.50 or £5.25 depending on the size of the car. Alternative rates are available for longer hire periods (e.g. daily or weekends).

## Travel Plan Initiatives

In 2012, West Sussex County Council secured £2.46 million from the Department for Transport's Local Sustainable Transport Fund (LSTF). The County Council, in partnership with Chichester District Council, is now delivering a range of sustainable travel improvements in Chichester and Horsham up to March 2015.

### The package for Chichester includes:

- A sustainable travel network for employers;
- Continued support for the Chichester Cycle Challenge;
- Additional support for the Chichester Car Club;
- Greater promotion of car sharing;
- Support for cycling in schools and a rail education initiative;
- New north/south cycle routes;
- Additional cycle parking at Chichester station;
- Improvements to Northgate and Southgate gyratory systems;
- Traffic management measures and;
- Production of this leaflet.

## Walking

Walking is an activity that can be enjoyed by everyone, it's a free and green way to increase your fitness levels, with a low risk of injury.

Walking for just 30 minutes a day during the working week means reaching the Government's recommended level of daily activity to improve your health. Regular exercise will improve your mood, relieve depression and increase your feelings of well-being.

### Benefits:

- Walking one mile in 15 minutes burns about the same amount of calories as running a mile in 8 1/2 minutes;
- A single step uses up to 200 muscles, so not only are you doing a little Cardio but your toning too;
- Walking can halve the risk of coronary heart disease, help prevent the onset of Diabetes Type 2 and some cancers.
